AGAIN are the Egyptian forces almost annihilated, and this time by the Hill tribes, and near Suakim. The battle was a desperate one, the black troops fought back to back in groups and pairs, and their disastrous defeat is attributed to the cowardly conduct of the Bashi Bazourks. AN article in the last Atlantic on Washington says, "The Senate is becoming a club of moneyed men." Is the possession of money a necessary qualification for the Senate? Can a very poor, a very brilliant and very honest man get into the United States Senate? Why should a grave, wise and reverend Senator need so much money to make his intellect and patriotism useful to the country? Does money stimulate genius and goodness to renewed action? Does money make the best men? And we have only our best men in the Senate.—N. Y. Graphic.

BRO. MARTIN of the Orleans Sentinel has made enough money in the newspaper business, and will for the nonce continue the business "for fun." T. J. Cleaver is about to issue another paper at that place, and the Sentinel proposes to give him a "taste of the hard times and struggles of pioneer journalism." He proposes to print all land notices for 25 cents. We expect that the Sentinel will throw in a year's subscription and a chromo after Vol. 1, No. 1, of the Harlan County Press is issued. Don't it strike you as being too much like taking your own medicine, though?

ONE bad practice among Congressmen is that of getting up a fine bill for the benefit of the people, getting it published broadcast by the papers and then letting it die in a pigeon hole. This is particularly the fate of very many of the bills introduced to recompense the soldiers for the losses they sustained during the war. The authors of these bills don't push them to passage, but introduce them too often simply for buncombe. They should either be passed or not presented, for otherwise the soldiers are put in the position of asking for something they can never get.—Gazette-Journal.

THE seventeen incendiary fires which have occurred in Milwaukee during the month past have been traced by the police to Bennie West, Joe Moffat, Finch and Miller, four boys about thirteen years of age, sons of respectable residents of the Fourth ward, where the fires occurred, and the boys have been arrested. They had formed a "Buffalo Bill" organization, and had a pirate's den, where they kept dime novels, guns and lassos, and from where they made raids on the pantries of well-to-do neighbors. Suspicion fell upon them because of the frequent loss of jellies and pies, and the general bravado air the boys assumed. Young Finch confesses everything.

Of Interest to Bands.

The members of the Board of Directors of the State Band Association of Nebraska, pursuant to call, met at the Holland House on last Saturday evening to devise ways and means for perfecting the State organization and making the necessary arrangements for holding an annual tournament. The following members were present: W. F. Wallace, of McCook, Chairman, C. A. Caldwell, of Crete, and W. L. Seism, of Table Rock, who acted as Secretary pro tem. Harry Dodd, of Hastings, and Samuel Irving, of Creighton, members of the board, being absent. The board decided to get up a book of music containing about 30 popular airs and send them to bands belonging to the association, so that it would be possible at any public meeting for even a dozen bands to play the same music, if desired. This of itself is a grand scheme and will be of interest to members of all such organizations in the State. The selection of the book was left to Major M. L. Pemberton, of Stronsburg. The balance of the business was placed in the hands of the Chairman, who was instructed to place himself in communication with different music publishers and secure sample copies of music varied in work from such as will be published for the Band Journal, and from which the directors should select such music as they might deem necessary and proper. The Chair instructed Will Seism to procure a complete and accurate roster of every band in the State and furnish the same to the Chairman. After due consultation it was decided to hold a state tournament, open only to members of the association, at Lincoln, in June, 1884. It is recommended that all bands in the State join the association, as the tournament will only be open to those bands which are bona fide members of the association. Other topics were advanced and discussed. The following committees were appointed: On transportation, J. F. Forbes, of McCook, Prof. B. King, of Wahoo, J. C. Bonnell, of Lincoln; on arrangements, Prof. R. S. Browne, of Lincoln. Adjourned to meet at Crete upon call of Chairman.—Red Cloud Chief.

THE body of a young woman was found in the river at Peoria. It bore no marks of violence, but the doctors made the inevitable examination, and found that she had been the victim of an outrage or an abortion, they couldn't exactly tell which, and her body flung into the river. The excitement was terrible. It was ascertained in a few days that she was the mother of a child several weeks old, and had fallen into the water while walking in her sleep, and was drowned. Science is a big thing when you're sure of it.—Topics Man.
